

The 2008 Alabama QSO Party will be on Saturday, Jun 7th.

This is a 12-hour event starting at 1600Z (1100AM CDST). There will be mobiles, fixed stations to include many of the Alabama Clubs that will be on CW and SSB. There are 67 counties and most, if not all, will be on the air.

The Alabama QSO Party website (<http://www.AlabamaQSOParty.org>) contains information including rules, county list, planned county activities, awards and previous year scores.

We already have some competition heating up between the clubs in Alabama with the Birmingham ARC, East Alabama (Lee County) ARC, Montgomery ARC, Russell County Radio Club (Phenix City, AL) and Tuscaloosa ARC clubs as well as others clubs. If your club does not have a club station, please contact me, you to can still participate in the Alabama club competition—Please ask me how!

Out of state club competition will consist of the accumulative score for those identifying their club activity in their entry/submission.

Awards and certificates will be awarded to the winners for many categories in Alabama, US/VE and DX. Please see <http://www.AlabamaQSOParty.org> for rules and information.

The Alabama QSO Party is sponsored by the Alabama Contest Group. For information about the Alabama Contest Group, please visit <http://www.AlabamaContestGroup.org>.

Jim/KC4HW

Looking forward to your activity in the AQP!
